MEMO 7667, 10 December 1959

1. In the spring of 1951, Heinrich SPOTT, who was also working for CIC, was retained by KIMARK, through one of its agents, as a special investigator. His assignment was to ascertain the current activities and associations of Kurt LONDEL (), an ex POW who had become an agent of the AIS. SPOTT was recommended for this assignment by his former Abwehr colleague, Heinz SCHMALSCHLAGER ().

2. SPOTT's connection with SCHMALSCHLAGER plus UPWARD's willingness to assume the financial responsibility for LONDEL upon confirmation of SPOTT's AIS employment, (possibly to avoid further investigation of the matter including interview of SPOTT) lead us to suspect that SPOTT is currently employed by UPWARD.

3. Attached is biographic data on SPOTT for file by addresses.
